## TO WHOMSOEVER IT MAY CONCERN

We have deployed a pilot to train 20,000 unemployed youth in two phases in Andhra Pradesh using the iShiksha e-Skilling Platform to deliver high quality digital content to the candidates. Currently nearly 3000 candidates have been trained or are undergoing training using the iShiksha platform.

We have seen that there is a big improvement in the quality and outcome of training because of the digital content delivered via the iShiksha platform. This has led to better attendance, fewer dropouts, improved assessment results and higher placements.

Candidates are also very appreciative of this innovative approach in training delivery pioneered by APSSDC through the iShiksha platform of SkillPro.

Sincerely,

Sandeep Kosaraju

General Manager – Operations
